

Curriculum Vitae

Seungyoon Nam

Contact College of Medicine, Gachon University
774 Namdongdae-ro, Namdong-gu, Incheon

Education

Ph.D.: Seoul National University (bioinformatics major), Aug 2008

“Understanding Gene Regulation: Bioinformatics Studies in microRNA Genes and Expression Data Analysis”

M.S.: Seoul National University (bioinformatics major), Aug 2004

“Target gene prediction of human microRNAs from the Rfam database by in silico analysis”

B.S.: Seoul National University (chemistry), Aug 2002

Employments

Employments

Senior researcher, National Cancer Center, Ilsan (Apr 2011 – Dec 2015)

Senior researcher, Korea Institute of Science and Technology Information, Daejeon (Dec 2009-Apr 2011)

Postdoctoral fellow, Indiana University School of Medicine, USA (Sep 2008-Feb 2010)

Professional Services

2014: Program Committee, Workshop on Data mining from genomic rare variants and its application to genome-wide analysis, IEEE International Conference on Bioinformatics & Biomedicine 2014

2009- 2011: Program Committee, IEEE International Conference on Bioinformatics & Biomedicine

2008-2009: Member, International Society for Computational Biology
