Professional Experience

Dr Tan is a senior consultant medical oncologist at the National University Cancer Institute, Singapore and an Associate Professor in the Department of Medicine at the Yong Loo Lin School of Medicine, National University of Singapore and Principal Investigator at the Cancer Science Institute, National University of Singapore. His primary clinical and research interests are in gynaecological cancers, precision oncology, and early phase trials. He has authored over 100 peer-reviewed scientific papers and received several awards for his research (see link to publications: <https://discovery.nus.edu.sg/4508-shao-peng-david-tan/publications>). Dr Tan is currently the Head of the Innovation Transfer Office at National University Health Systems (NUHS) and Director of the Research Transformation Office at NUHS. He was the founding President of the Gynecologic Cancer Group Singapore (GCGS), and inaugural President of the Asia-Pacific Gynaecologic Oncology Trials (APGOT) Group. He currently chairs the APGOT Protocol Review Committee. He currently also chairs the Cervical Cancer Research Network (CCRN) and is a member of the executive board of directors of the Gynecologic Cancer InterGroup (GCIG).
